

# RE – THINKING MODULARITIES

Emergent role of patterns in future design

## Design Leads

Arian Hakimi [AHD]  
Sara Amiri [Sors Studio]

## Design development

Ashkan Ashrafi  
Raika Bolouri  
Fatemeh Alba [Workshop]

## Sponsors

Alireza Behzadi [Diba Group, Haftohasht]  
Kamyar Azari [Dezippy]

## Consultant/Manufacturer

Davood Manafi (Pouya Diba)

## Organiser

CAAI

## In Collaboration with

Shayad Adham  
Sepehr Sabour

“**Starcs**” is inspired by the natural cuts and edges of **crystalline stones**. The highly reflective cladding panels creates a **sense of endlessly shifting perspectives** and **blurs** the distinction between **reality and fiction**.

This pavilion is an attempt to expand our horizon regarding the star pattern. **Capturing a surrealistic visual language** due to the seamless transition of star-tessellation between all design compartments of the project.
